Class Reunion

"Welcome Home from the Open Road," was the theme of the 5th year Reunion of the 1 46 Graduating Class of the Appomattox High School, held on Saturday evening, June 2, in the high school cafeteria. A reunion dinner featured the occasion. Gypsy music and decorations were carried out for the class theme, "The Open Road." The class colors of red and white dominated the room with a background of pines with tent and campfire.

Mrs. Mary Spigle Hudson, vice-president of the class, served as toastmistress in the absence of the president, Garland H. Reynolds, who is now serving in the Navy.

The toastmistress acknowledged a vacant chair at the head of the table stating, "This is in remembrance of our beloved chieftan, principal L. Crawley, who has passed on higher camping ground."

Guests for the evening other than class members included J. A. Burke, superintendent of schools; Mrs. J. A. Burke, and Miss Harriett Holley and Mrs. W. M. Morris, class sponsors.

Topics of interest to the class members were reviewed as follows: Class history, Nellwyn O'Brien

Class prophecy, Nell Williamson Cabaniss

Class mirror, Ann Housman, secretary of class

Last will and testament, Alice Jennings Layne, class treasurer.

To the mothers of the tribe the toastmistress presented earrings to bind them and the class closer together. The roll was called by the sponsors and each member present answered, giving a brief review of his or her experience on the "open road" during the past five years.

Class members present included: Lawrence Stewart, Albert Harvey, William Layne, Alice Jennings Layne, Berkley Cabaniss, Nell Williamson Cabaniss, Nellwyn O Brien, Mary Spiggle Hudson, Ann Housman Brooks, Ethel Garrett St. John, Jeanne Cheatham Stanley, Dorothy Marshall Jordan, Jimmy Smith, Anne Carson, Erma Thompson, Virginia Bingham, Ovis Lucado Harvey, Ann Davidson Lucado, Katie Seay Doss, Shirley Johnson, Lois Hawley and Eloise Smith.

In keeping with the class motto, "Not finished, just begun," a motion was made and carried for a class family reunion to be held in 5 years, June, 1956.

Half-a-Century Barber Says Males Are too Vain

WINNIPEG, Canada — Russ Lavers, 68, has been cutting hair for half a century and estimates that he has served 324,000 customers for haircuts during his career as a barber.

Lavers believes that customers are a lot fussier now than they used to be and "the men are just as bad as the women—some of them are even worse."

The old-fashioned barber cringes at the sight of young men coming in with requests for permanent waves and lots of them "have their own fingerwaves."

Women are expected to be vain but men, when they start it, that's too much for any barber.

Air Force Promises Plane Capable of Greater MPH

WASHINGTON, D. C. — The air force expects to put into the air sometime this year a new supersonic rocket plane which will fly faster and higher than any man has ridden aircraft in existence.

The X-2, like the X-1 which exceeded the speed of sound (761 miles per hour at sea level) is experimental, and so small as to carry only a pilot and the needed instruments.

Aeronautical experts believe that the X-2, when completed, and fully developed, may fly 2,500 miles an hour at an altitude of 200,000 feet

It is being built by Bell Aircraft Corporation.

Home Agent's Notes

By Mrs. B. G. Anderson

I returned last night from V. P. I. Blacksburg, where I attended the first three days of the State 4-H Club Short Course. We are mighty proud of our 4-Hers and the fine showing they made for themselves and for Appomattox County.

Six girls represented the district in state contests. Joyce McCormick, 16 years old, won first place in the clothing achievement contest. Her award will be a trip to the national 4-H Club Congress in Chicago late in November.

Gaynelle Irby placed second in the canning contest. Her award was a lovely silver covered vegetable dish.

Patricia Alvis, 14 years old, represented the district in the dairy foods contest. Patricia did a beautiful job using cottage cheese in salad variations. The judges were very complimentary of her demonstration, however, the gold watch went to an older and more experienced 4-H girl.

Others entering contests of which winners have not been announced were Ann Thomas and Virginia Herndon in dairy foods team; Celia Coleman in public speaking. Her subject is, "How 4-H Club Work Contributes to Good Citizenship." Other girls attending are: Barbara Jamison, Mazie Harvey and Amelie Fore.

We are just as proud of the wonderful showing Dan Carson made and that he, too, is a winner of a trip to the National 4-H Congress.

NEW NAME TOPS LIST

It is not always an advantage to be "first on the list." All depends upon what list

For many months Appomattox's Watkins M. Abbitt was first person listed in the roll call of Congress. When it came time to vote, Abbitt came first, alphabetically. The disadvantage of that was that often a member of Congress is in a committee meeting, in his office, or for any of dozens of good reasons not on the floor when the House roll is called. When the bell tolls for a call of the House, he has to make a dash to get there by the time the clerk gets to his name. Abbitt had to be mighty fast on foot to make it.

But, now comes Congressman Fred G. AANDAHL. He is a former governor of North Dakota, and Watt Abbitt says Brother Aandahl is welcome to first place in line. It gives a few extra seconds time!

Many Farmers Grow Their Own Nitrogen

Local farmers are producing much of the nitrogen they need for increased production, E. R. Gowin, county chairman of the Production and Marketing Administration, observed this week.

In reviewing the conservation practices which farmers carried out under the 1950 Agricultural Conservation Program, he noted that a number of acres of cover crops were turned. This represents only the amount credited to farmers for ACP payments, he explained, and very likely a much greater amount was turned.

A good legume cover crop when turned in spring in many cases will yield up to 400 pounds of nitrogen per acre, according to the PMA chairman's estimate. That amount of nitrogen, based on using in the form of nitrate of soda, low orth $75 per acre. In addition the cover crop when turned keeps up organic matter in the soil and improves the soil structure.

Legumes and grasses as cover crops or in pasture are one of the major practices under the Agricultural Conservation Program. Besides the cover crops turned, there were 750 acres of pasture seeded under the 1950 ACP program in Appomattox County. About fifty per cent of the farms in the county were treated with lime or fertilizer furnished through ACP last year.

Farm Bureau Sends Delegates

The Appomattox County Farm Bureau sent two delegates to Camp Farrar, Virginia Beach, June 23-24, and 25. D. M. Wood, secretary and R. H. Hudgins, county agent, attended. The Farm Bureau appointed Mr. Hudgins due to the inability of C. F. Moore, president, to attend. An interesting and informative program was presented and the two delegates will make their report at the July 12th meeting.

Plans Survey Holliday Lake Accomodations

The Times-Virginian was informed yesterday that additional state attendants will be on duty at Holliday Lake this week-end and July Fourth, for the purpose of aiding in parking cars and in making a survey of the needs for enlarged facilities at the lake.

Last week-end there was a traffic jam at the lake, and a considerable number of cars were turned away without ever reaching the lake. Yet the jam on the beach and at the picnic facilities was such that no more could have been accomodated even had they gotten to the lake and found parking space. It was just one of those hot week-ends when everyone wanted to enjoy an outing.

It is believed that the state is anxious to provide all possible facilities at Holliday Lake in line with available funds, and that long-range expansion may be undertaken. In recent weeks 310 tons of fresh sand has been added on the beach. One helpful suggestion may be for those living nearby and who can do so, to arrange their picnics and outings in mid-week when there is no jam, and leave the week-ends to those who have no other time available. Even at that, however, the "standing Room Only" sign is likely any week-end or holiday accompanied by such intense heat as that of past two weeks.

J. H. O'Brien Has OPS Forms For Distribution

J. H. O'Brien, Commissioner of the Revenue, announced today that he has a supply of forms and regulations of the Office of Price Stabilization for distribution.

Mr. O'Brien stated that these regulations and forms may be obtained by calling at his office.

There are forms and regulations applying to many types of business, the commissioner stated, and his office is serving as a repository for OPS in their distribution.

Local School Cannery Will Open July 5th

The Appomattox School Cannery will open Thursday, July 5, and will operate each day thereafter except on legal holidays.

Monday and Thursday for colored patrons. Tuesday, Wednesday, and Friday for white patrons.

Tin cans and glass jars will be used. These may be secured at the cannery. Bring your own equipment such as knives, towels and pans.

Last year the Appomattox School Cannery conserved 62,000 cans of food. This was exceeded by only one other cannery in Virginia. With the prospect of good gardens this year, and a higher cost of food, it is anticipated that use of the school cannery will set another record this year.

The canning facilities are furnished by the local school board as an educational opportunity in an adult education program, with the purpose of aiding the citizens of the county to have a balanced diet at a substantial savings to each patron. Today's high cost of food makes it more important than ever, say the cannery officials, to make use of this opportunity. To operate the cannery on an efficient schedule, there must be volume, and using the facilities as much as possible helps in maintaining a daily schedule.

The cannery opens at 8:00 A. M., July 5 and will operate each day thereafter. Patrons are asked to complete canning by 5:00 P. M.

Local Group At 4-H Camp Next Week

4-H Camp for the Counties of Appomattox, Amherst, Fluvana, Cumberland and Prince Edward will be held this year July 2 - July 7.

Each year Holliday Lake 4-H Club Camp, with full facilities to accomodate almost 250 boys and girls enrolled in 4-H Club work in Virginia, is conducted by Extension personnel, leaders and parents to further the well-rounded development of the rural youth.Camp stresses the development of the Head, Heart, Hands and Health, with special emphasis on Healthful living.

Overlooking scenic Holliday Lake, the camp site was carefully chosen and lies like a well-planned city to the southern part of the lake. The rows of green and white cabins face one another across a spacious lawn of green which is lighted at night by floodlights to allow the boys and girls to play games outside if they so desire. One row of cabins is for boys and one row for girls; and every night at 10:00 o'clock the campers assemble on their respective sides and as all the lights are turned out, they give "Taps" to end another act in the drama.

During the course of a summer nearly 2,000 boys and girls mingle together, enjoying the fresh air, good meals provided by picked professional cooks, an diparticipating in the healthful living of camp life. The camp, run by Extension personnel, is a non-profit business.

One of the most popular forms of recreation, of course, is swimming. Usually the campers are allowed plenty of time for this sport under the watchful eye of an experienced lifeguard, for the leaders realize that swimming is probably the best exercise possible for the growing youth. The beach, sloping down from the cabins is one of the most beautiful in Virginia, for the lake curves inward at this point in a perfect half-circle and the beach itself is kept well supplied with pure white sand.

Other recreational activities include: softball, horse shoes, volleyball, and various games and contests, both in-doors and out-doors. Two recreational directors who are graduates of Radford College, will be at the camp all summer to direct the recreational activities. Mr. H. C. Wilheim is Camp Manager for the entire season.

Not forgetting the development of the Heart, a Vespers Worship Service is held each evening just at dusk on a little hill almost surrounded by water at the northeast corner of the camp. The spirit of worship as the campers enter into natural setting contrasts so sharply with the joyful hum of the rest of the day, that one can't help but feel the nearness of a Divine God and the Spirit of Fellowship.

Offered at these 4-H Camps for boys and girls are various classes in Soil and Wildlife Conservation, ways for better homemaking, handicrafts of various sorts, classes in swimming, a spirit of companionship and living, working and playing together to make a better world.

Chaperoning the group of 4-H boys and girls attending camp from Appomattox County will be Mrs. B. G. Anderson, Home Demonstration Agent; Mr. R. B. Hudgins, County Agent; Mr. Reginald Speir, Assistant County Agent, and Miss Mary Ellen Cole and Miss Patsy Booth, official club leaders from Appomattox County.

4-H Club members from Appomattox County who will be at camp the week of July 2 are: Betty Jean Goard, Laura Carson, Priscilla Staples, Erma Mann, Ann Ligon, Evelyn Ferguson, Rita St. John, Betty B. Tillery, Jackie White, Bessie Ann Glover, Carrie Jane Ingo, Louise Wood, Mecca Lee Cyrus, Jeanette Reynolds, Joyce Tyree, Catherine Langran, Annette Franklin, Shelby Jean Mann, Marilyn Guill, Helen Franklin, Buddy Laughan, Pete Jamerson, Billy Carson, Warren Scruggs, Gene Carson, Frank Inge, Arthur Lee Hawkins, Clyde D.
